

WILLIAM OSLER REIMBURSEMENT

Self-Service Setup Guide

Create your IntelAGENT account, enrol in William Osler reimbursement, and add or update your banking yourself — on the web portal and the mobile app.

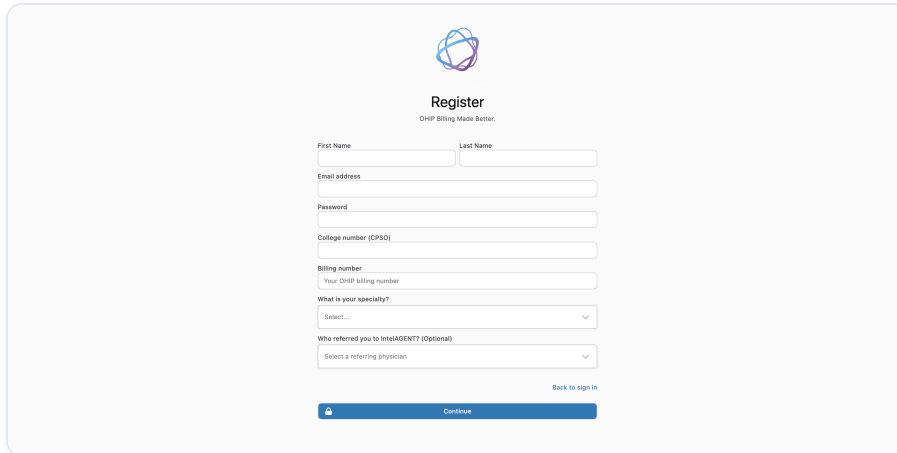

IntelAGENT · For William Osler Health System physicians · July 2026

1

Create your account

Sign up at app.intelagent.ca/register. Enter your name, email, and a password (at least 8 characters), then click **Continue** — you'll go straight into the onboarding wizard.

William Osler physicians: register with your @williamoslerhs.ca email address. That's what unlocks the **William Osler reimbursement** option in the next step. If you sign up with a different email, that option is disabled — contact the Medical Affairs office to be set up.

The screenshot shows the 'Register' page of the app. At the top is a logo consisting of a blue and purple geometric shape. Below the logo is the title 'Register' and the tagline 'OHIP Billing Made Better.' The form contains several input fields: 'First Name' and 'Last Name' (split into two boxes), 'Email address', 'Password', 'College number (CPSO)', 'Billing number' (with a sub-label 'Your OHIP billing number'), 'What is your specialty?' (a dropdown menu with 'Select...' as the placeholder), and 'Who referred you to IntelAGENT? (Optional)' (a dropdown menu with 'Select a referring physician' as the placeholder). At the bottom right of the form is a link 'Back to sign in'. At the bottom center is a blue button with a white user icon and the text 'Continue'.

The Register page — name, email, and password are all you need to get started.

2 Set up William Osler reimbursement

Right after signing up you land in the onboarding wizard (you can return to it any time from the user menu → **User Onboarding**). Complete these three steps to start receiving reimbursements by EFT.

1 Choose your billing program

Select **William Osler reimbursement**, then click **Confirm & continue**. The programs are independent — you can also enable OHIP billing if you bill OHIP directly. William Osler reimbursement needs only your bank details: **no credit card and no MC EDT designation required**.

Finish setting up your account

You already have access to explore the platform. Complete these steps to start submitting claims — or pick up where you left off anytime from **User Onboarding** in the menu.

3 MC EDT designation

4 Activation & free trial

5 Bank account

6 Confirm test deposit

1 Choose your billing program(s)

In progress ▾

Choose how you bill. You can enable one or both — they're independent.

☒  **OHIP billing**
Bill OHIP directly. Requires a subscription and MC EDT designation.

☒  **William Osler reimbursement**
Reimbursed by EFT. Requires your bank account — no credit card or designation.

Confirm & continue

2 Subscribe to a plan

To do ▾

Choose the plan that fits your practice.

3 Complete your MC EDT designation

To do ▾

Authorize IntelAGENT to submit claims for you.

4 Activation & 90-day free trial

To do ▾

Granted automatically once you're subscribed and designated.

5 Add your bank account

To do ▾

Where your William Osler reimbursements are deposited.

6 Confirm your \$0.01 test deposit

To do ▾

Turn on reimbursements once the deposit lands.

You can finish the remaining steps anytime from User Onboarding in the menu.

Skip for now →

2 Add your bank account

Enter your **institution** (3 digits), **transit** (5 digits), and **account number**. When you save, we send a **\$0.01 test deposit** to the account (it can take up to 30 days to appear).

3 Update your bank account anytime

You can add or update the account your reimbursements are deposited to yourself — on the **web portal** or the **mobile app** — from **Settings**.

How verification works. Whenever you save **new** banking details we send a **\$0.01 test deposit** and your reimbursements **pause** until you see it and turn on **Bank account verified**. Real payments are only sent while verification is on; if you change your account, verification resets and you'll confirm the new test deposit before payments resume.

DESKTOP On the web portal

1 Open the banking settings

Go to **Settings**. William Osler physicians see a **WOHS Bank Account & Reimbursement** section.

WOHS Bank Account & Reimbursement
For William Osler reimbursements. Add the bank account we deposit your payments to, then turn on "Bank account verified" once you've seen the \$0.01 test deposit.

Bank account verified
Turn this on once you've seen the \$0.01 test deposit in your bank account. We won't send your real payments until this is on. You can turn it off anytime (e.g. if your banking info changes).

Banking information
No banking on file yet. Enter your institution, transit, and account number.

Institution (3 digits)
e.g. 002

Transit (5 digits)
e.g. 20024

Account number
1–12 digits

Please note: when you save new banking details we send a **\$0.01 test deposit** to the new account within 30 days. Your claim payments are paused until you see that deposit and turn on **Bank account verified** above.

Save banking

2 Enter your bank details and save

Fill in your **Institution**, **Transit**, and **Account number**, then click **Save banking**. We send a \$0.01 test deposit and your details show as *on file* and *not yet confirmed*.
